Your first-time Business Connect password will be your TriSummit Username. This is case-sensitive.

After you enter your temporary password and click "LOGIN," you will be asked to set your three Challenge Questions before choosing a new password.

3 Verify your email and set up your Challenge Questions

Before choosing a new password, you will be asked to verify or update your email address and set your three Challenge Questions. You will be asked to answer one of these questions if you log in from an unregistered computer or an unusual geographic location.
