

Remote Deposit Capture Scanner Installation Guide for Mac OS

NOTE: Remote Deposit Capture is supported in **Safari versions 7 or 8** on **OS X 10.9 and above**. The usage of other browsers (such as Google Chrome or Mozilla Firefox) may prevent successful installation and usage of the service.

Installing the Mac Driver

- **1.** Log into Commercial Center
- 2. From the Apps page select Remote Deposit Capture
- 3. From the Help menu in the upper right hand corner, select Download Page

Home		User Au	dit Help - Logout
Create Deposit Start a new deposit by clicking the Create Deposit button below, enter specifics on your deposit, then	View Deposits Pending Deposits Search	View O All	About Set Logging Level Download Page Workstation Status
Create Deposit	Deposit ID	Account #	Account Name

4. Select MAC folder from the Component list and click Install Now

5. Select your scanner model from the list and download the drivers

6. Once downloaded, open the driver from the Downloads folder

7. Open the disk that appears on the desktop

8. Double-click the Driver Installation application

5. If prompted with the following message, click Open

Note: If not prompted, proceed to step 7.

6. If you cannot click Open, hold down Ctrl on the keyboard, left click the Driver Installation and then select Open

- 7. Select the desired scanner type and click Next
 - a. DigitalCheck TSSeries is for CX30 or TS240 scanners
 - b. Panini VisionAPI can be used for Panini's Ideal or Vision X scanners
